

2ª Funcionalidade — List Co-Author Entries

- User Story:

List Co-authors' Entries:

As a user,

I intend to select some entries,

In order to list their co-authors' entries.

Acceptance Criteria:

Given that I am a user,

When I select some entries from my library,

Then I expect to be able to press a button in the toolbar in order to view their co-authors' entries.

- User Story:

Select and Add Entries:

As a user,

I intend to select some of the newfound co-authors' entries,

In order to add them and enrich my library.

Acceptance Criteria:

Given that I am a user,

When I select co-authors' entries,

Then I expect to be able to add them to my library.
